

# DISCOVERY DAY

## Sphere Fluidics' Discovery Day

Tuesday 3 March 2020

The Abington Room, Granta Center, Granta Park, Great Abington, Cambridgeshire CB21 6GP, UK

09:15	Registration & Coffee
09:50	Welcome & Introduction Rob Marchmont PhD, <i>VP of Sales and Marketing, Sphere Fluidics</i>
10:00	<b>Biologics Discovery – Present and Future – An Industry Perspective</b> Darren Schofield PhD, <i>Senior Scientist, Antibody Discovery and Protein Engineering Department at AstraZeneca, UK</i>
10:30	<b>Implementation of Pico-Droplet Technology for Antigen-Specific Single-B Cell Screening</b> Irene Sanjuan-Nandin PhD, <i>Antibody Selections Investigator, Biopharm Discovery, GlaxoSmithKline, UK</i> Manjunath Hegde PhD, <i>Scientific Investigator and GSK Associate Fellow, GlaxoSmithKline, UK</i>
11:00	Networking & Refreshments <i>View our fantastic posters from Sphere Fluidics' Research &amp; Development Team</i>
11:30	<b>Novel Approaches for the Design and Optimisation of Cell Line Expression Platforms</b> Jonathan H. Dempsey PhD, <i>Managing Director of Dempsey Consulting and a Founding Partner of Pathway Biopharma Consulting</i>
12:00	<b>Intensified Gene to GMP Timelines for Biopharmaceutical Manufacture Through the Integration of Cyto-Mine® Technology into a Cell Line Development Process</b> Alison Young, <i>Staff Scientist at Fujifilm Diosynth Biotechnologies, UK</i>
12:30	Lunch
13:30	<b>Single Cell Analysis – Emerging Cyto-Mine® Technology</b> Xin Liu PhD, <i>Head of Cell and Molecular Biology at Sphere Fluidics, UK</i>
14:00	<b>Speed Science with Sphere Fluidics</b>
15:00	Networking, Refreshments & Posters
15:30	Event Close

With specialist talks, scientific poster sessions, and round-table discussions, it's an event not to be missed. [Register now to reserve your place.](#) Limited tickets are available!
